

Tired of dealing with paper billing statements?

Put your credit card on file to make the payment process quick and seamless.

The next time you have an outstanding balance, we'll charge your card and automatically send you a receipt.

Here's how it works:

- 1** While completing your PhreesiaPad or Mobile interview, **enter** your credit card information.
- 2** Swipe your card and choose to **save it** for future use.
- 3** **Sign the card-on-file policy**, including the maximum amount we can charge to your card. You will never be charged more than the agreed-upon maximum amount.
- 4** Rather than sending a paper statement after your visit, **we'll notify you** of an upcoming charge to your card and then email you a receipt.

Phreesia

If you have any questions, **please ask the front desk** for more information.
