

What do I do with my laboratory orders after my visit?

STEP 1

Make sure you are registered for a MyTDE patient portal account. Ask a front desk team member for assistance.

STEP 2

Please notify a member of staff if you go to Quest or Labcorp for your laboratory needs. The portal orders are accepted at all Clinical Pathology Laboratories.

STEP 3

Based off your providers recommendations, go to the lab of your choice to have your labs drawn.

You can either:

(a) login to your MyTDE patient portal account and show the lab your orders on your mobile device

(b) provide them the paper lab orders that were given to you while in office

For inquiries and concerns, please call 512-458-8400 for assistance.
